DETAILED ACTION
Allowable Subject Matter

Claims 6 and 7 are allowed.

Claim Rejections - 35 USC § 102

Claims **1-5** are rejected under 35 U.S.C. 102(b) as being anticipated by **Maier (US 5,223,156)**. See column 2, lines 1-6, column 2, lines 65-plus, column 3, lines 35-40 & 60-65, and column 4, lines 20-end.

Response to Arguments

Applicant's arguments with respect to claims 1-7 have been considered. Applicant has argued:

... there is no disclosure of directing a make up flow of filtered coolant into collecting pipe 6 nor to control that make up flow to be at a rate just sufficient to maintain a minimum flow velocity of the coolant therein as recited in claim 1. Nor is there any disclosure of connecting a pressure reducing valve in a bypass line for directing clean coolant into the return piping which causes a flow just sufficient to maintain a pressure in said return piping corresponding to the minimum flow velocity as claimed in claim 6.

The use of filters or separation means is taught by Maier at column 2, lines 35-40 and column 3, lines 35-40 and 60-65. Coolant so treated is seen to constitute "make up" coolant in the same manner it is believed that Applicant uses this language. Discussion of controls begins at column 4, line 45. Basic fluid

mechanics dictates that the flow across any valve has a pressure drop associated with it due to friction losses, and hence, "a pressure reducing valve." The arguments pertaining to claims 6-7 have been found persuasive.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
